YOUR GUIDE TO A NEW BOAT

JUSTIN JOYNER FROM BENTEAU

- What new technology is on the horizon for boat builders to incorporate into your dream boat.
- What challenges boat builders are having with their supply chain
- What are realistic lead times between committing to buy a new boat and actually getting the new boat
- Why consider a new boat?

FRIDAY, OCTOBER 1

11:00 – 11:45 A.M.

HOW TO FINANCE YOUR DREAM BOAT WITH

CINDY LEWIS FROM STERLING ASSOCIATES

What you need to know about financing your boat and the requirements lenders will have for financing. What you want to have to protect yourself? All the information you need to sort thru the different finance programs that fit your needs.

4:00-4:45 P.M.

WHY ARGOS IS THE TECHNOLOGY BEHIND SAFE NAVIGATION

MATTHEW ZIMMERMAN FROM FARFOUNDER

Learn about the latest in forward looking sonar technology. Join Matthew Zimmerman, Founder and VP of Engineering at FarSounder, to discover the unique features and capabilities of the Argos systems. These systems deliver a true 3D sonar image in real-time that overlays on nautical charts. They give users a clear understanding of what is ahead of the vessel under the water right now. The systems are easy to install and maintain and have no moving parts. They provide owner-operators peace of mind when navigating in unknown and uncharted waters.
